

🇳🇴 OCEANMASTER 720 WA

The 2014 Oceanmaster 720WA is a 24ft center console family boat featuring a double stepped hull, giving increased economy, ride comfort and performance. With a beam of 9'3" she offers considerably more deck space than other boats in her class. A deep, high sided cockpit plus high freeboard affords those onboard a safe dry ride.

Large forward dining area that easily converts to a sun-deck, dual helm seat that flips back to form a secondary dining area. Wet bar with integrated refrigerator, stove and fresh water sink plus storage under. Fresh water shower on the transom and sea toilet in the very usefull cuddy cabin that sleeps two for occasional overnighting.

She's a competent offshore adventurer but is equally at home towing skiers, on a fishing trip or resting at anchor for lazy afternoons.

OCEANMASTER 720 WA
